Greetings,

The Ministry has the honour to inform that the (Dept. of Industrial Estates) belonging to the Ministry of Energy and Industry has commenced working officially in the Small and Middle industrial Estates located in the west of Doha. The Industrial Estates Administration, and in accordance to its policy of attracting local and foreign investments, has the honour to organize the Industrial Regions Allocations for the forthcoming industrial investments, and follow-up the execution of basic constructions and the services and incentives given by the investing countries.

Within this framework, the Industrial Estates Administration has the pleasure to convey its communication means, which is included in the table enclosed hoping to circulate it to all the sister and friendly Embassies in the State of Qatar as well as the Embassies abroad.

The Industrial Estate Administration has the honour to receive directly all relevant communications and would like to assure our readiness to provide all the support to elevate the Industry and Development of our beloved country Qatar.

The Industrial Estates Administration would like to express its willingness to participate in Forums or Sessions that are related to Industrial activities or the development of Industrial Estates.

Please accept our highest considerations.

Yousuf Hamad Al -Emadi  
Director of the Small and Middle  
Industrial Estates Department
